

REMARKS

The Examiner has rejected Claims 1-60 based upon a defective reissue declaration under 35 U.S.C. §251. More specifically, the application is object to under 37 C.F.R. § 1.172 as the assignee has not established its ownership in the patent for which reissue is requested. The Examiner, at page 4 of the Office Action, has indicated that Claims 1-60 would be allowable if a proper declaration is provided. The Applicant has prepared a “Second Supplemental Assent of the Assignee to Reissue” and “Supplemental Certificate under 37 C.F.R. § 3.73(b)” executed by a party authorized to act on behalf of the assignee to overcome the Examiner’s rejection. It is believed that the aforementioned documents clearly establish a chain of title in this Application to Lucent Technologies, Inc.

Drawings

The Examiner has objected to the drawings for failing to identify the amended figures as “amended.” The Applicant submits herewith another set of figures in compliance with 37 C.F.R. § 1.121.

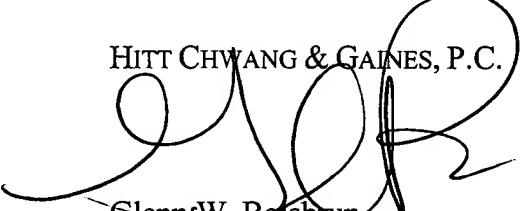

Conclusion

In view of the foregoing remarks, the Applicant now sees all of the claims currently pending in this application to be in condition for allowance and therefore earnestly solicit a Notice of Allowance for Claims 1-60.

The Applicant requests the Examiner to telephone the undersigned attorney of record at 972-480-8800 if such would further or expedite the prosecution of the present application.

Respectfully submitted,
